Roadmaster Report
Under the direction of Roadmaster, Grady Reisinger. . . . Robby Rohm, Miles Burd and Mike Allenman have been grading out ditches on Rupp Road, Dobbs Road and Boots Hollow. They have located many of the Culverts and gave an inspection report. Some Culverts are in dire need of being replaced or repaired. A Road Workshop is being planned for April 13, 2026 at 6:00 PM. In the meanwhile, some cold patching should be purchased.

Consent Agenda Items
- Approval of minutes from March 2026 – Colton Bear made the motion to accept the meeting minutes, Grady Reisinger 2nd. All Supervisors were in favor – motion carried.
- Bill List and Correspondence – Mark McNaughton made the motion to accept these, Colton Bear 2nd. All Supervisors were in favor – motion carried.

Old Business
- It was mentioned that the Lyons Club has no interest in the Area in the Ickesburg Square. However, Bob Diehl and Ralph Smith will do the upkeep for no charge.
- The Board of Supervisors was given the name of Dan Haas to serve as the Chair on the Vacancy Board. Dan was in attendance and agreed to this position but asked for a job description. The Secretary will copy information from the Second Class Township Code and give it to Dan. Mark McNaughton made a motion to approve Dan, Grady Reisinger, 2nd. All were in favor and the motion carried.
- Reflective vests have been picked up for the road crew to wear while on Township road work. However, all were Small. Colton Bear will pick up larger sizes.
- More discussion occurred regarding the Tourism Promotion Agency for Perry County. It seems the Board likes the idea of keeping money in Perry County; however, no one can give a good answer if Saville Township will ever see any of the money. Who will have the stewardship of that money? How will it be spent? The Secretary will ask Frank Campbell to attend the next meeting. Despite having questions, the Board signed Resolution 2026-2 to Decertify Hershey/Harrisburg as the TPA and Certify Economic Alliance as the Perry County TPA. Mark McNaughton made the motion to accept this Resolution, Grady Reisinger 2nd. All Supervisors were in favor – motion carried.
- The Board discussed the request to provide 1B Stone for the driveway of the Ickesburg Sportsman Association. It was noted that the driveway should be graded first to see if stones from the sides can be moved to the driveway. This will help determine how much stone may be needed. Robby Rohm and Miles Burd offered their time for free (using the township's equipment though). A motion was made by Colton Bear to allow up to $1,500 for this project. Grady Reisinger 2nd. All were in favor and the motion carried.
- Colton Bear mentioned that there may be a vehicle donation to be used as a Quick Response Service vehicle. No other discussion occurred.

- DEP Plan of Action for the Sewer Plant is due 5/12/2026. Colton Bear advised that we should be getting an e-mail from HBG with the possible Plan of Action.

New Business

- A pending project has been to have the public sewer pipes scoped with a camera to determine any leaks or infiltration issues. This is very important because DEP has specific guidelines regarding the sewer plant. After some discussion, it was agreed that Mark McNaughton would contact Rich Zimmerman. Also, we are a member of PA Rural Water Association out of Bellefonte, PA PHONE: 800-653-7792. The Secretary will contact them to see what services they may provide and at what cost.
- Discussion occurred regarding a Data Center Ordinance for Saville Township. The Secretary will contact Solicitor Dave Wilson to work on this Ordinance.
- Discussion occurred regarding if permits are needed by Utility vendors who must do a Road Bore or Road Cut to install cable, wires, etc. At this point, no permits or fees are in place. It was suggested that we do get an application/permits and determine the fees. The Secretary will check with Perry Stambaugh's office to see what information is needed on an application.
- The Board of Supervisors reviewed the 10/2/2025 quote from LandPro in Mifflintown for a Turbine Leaf Blower. The quote did not include a price for the Cyclone MEGA blower. No decision was made until an updated quote is obtained.
- An addition is needed for the back of the Salt Bins. However, no plans have been drawn up yet in order to be put out to Contractors to quote.
- Permit application procedures may need to be reviewed. This was tabled.
- Blend Magic product is being delivered every month. Could 12 pails be delivered annually and paid for annually? No decision was made. Secretary should get more details. Is there a discount?
- The Board Chairman, Mark McNaughton, signed an updated Statement of Values for insurance coverage.
- The Board reviewed the current Picture Perry projects. None have been completed and all should be kept on the list.
- Workers for Spring Cleanup on April 11 could include: Colton Bear, James Powell, Robby Rohm (with township backhoe/tractor), Joel McNaughton and possibly Tim Bosserman.

Supervisors Comments:

NONE, however Jim Nickel asked if he needed a Driveway Permit off Colonial Nursery. He is part of Clean and Green and is deeding several acres to where he wants to build a new home. There is a lane there already.

Adjournment

The meeting adjourned at 9:10 PM

Respectfully Submitted,
Lori McNaughton, Secretary/Treasurer
